Calculate missing angles

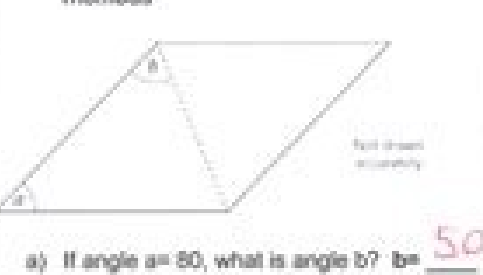

1)

2)

3)
Calculate the size of angle x .

4)
a = 99

5) Find missing angle a.
a = 89

6) The dotted line is a diagonal of this rhombus.
a) If angle $a = 80$, what is angle b ? $b = 50$
b) If angle $b = 80$, what is angle a ? $a = 20$

7) A shaded isosceles triangle is drawn inside a rectangle.
Calculate the size of angle a .
a = 104

8) Calculate the size of angles a and b.
a = 56
b = 34

Student Name: _____ Score: _____

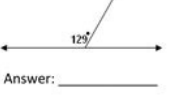

Supplementary Angles

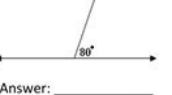

Find the missing angles in the following supplementary angles:

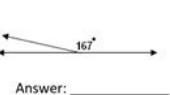

Answer: _____

Answer: _____

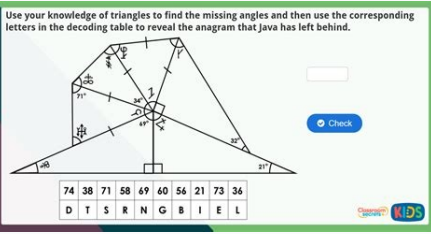

Answer: _____

Answer: _____

Answer: _____

Answer: _____

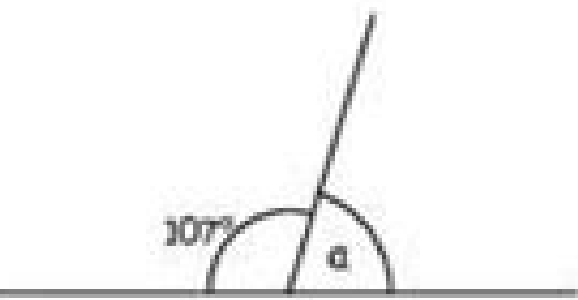

Use your knowledge of angles to find the missing angles and then use the corresponding angles in the diagram below to find the angles that you have left to find.

Answer: _____

Calculate the missing angles marked with the letter a:

1)

2)

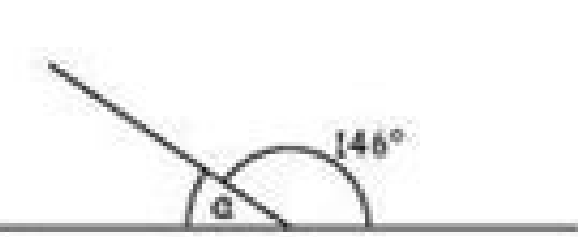

3)

4)

5)

6)

7)

8)

Includes some slides with possibility for the teacher to model how to correctly position the goniometer, slides to review the different types of corners and a differentiated slide at the end that you can give a more secure lesson to do. Last updated 25 February 2022This lesson explains (Su PowerPoint) How to estimate and measure the corners. Large home activity / class card. Why not take the whole package from our Tes store? Inspire pupils to learn the corners in a fun way. Empty heat makes no sense for the utmost endurance user does not make sense for the utmost endless user makes no sense for the utilized user this resource to let us know if viola i Our terms and conditions. Last updated22 February 2018un puzzle to help students practice the measurement of corners at the closer level possible. There are 12 corner cards for pupils that can be measured with a goniometer. In the second section design home halo style á 6 ° " Battle Plan "where different explosive traps can cover different angles. The extension was for them to calculate the difference between their estimates and the actual corner! I hope you'll be useful! Creative Commons «Share» Select overall assessment (no evaluation) Your rating is used to reflect your happiness. It is good to leave a comment. Something went wrong, please try again later. Empty makes no sense for the ultimate user Empty response makes no sense for the end user Love this Thanks!
